

About DIP

DIP is your “Do It Professionally” App for every kind of waterproofing, tiling, floor polish, injection grouting, floor self-levelling, painting/ coating, concrete repair and architectural finishing requirements.

As a FairMate Aggregator & DIP partner, all you need to do is to download and register on the app with your details. You can then upload pictures of the problem you face, and our team of professionals will suggest a suitable solution via the app. Our quotation will include both supply and apply charges.

The DIP app will help you quickly monitor and keep abreast of the progress of the project. The app monitors and updates every step of activity that we undertake.

The app saves you the bother of constant visits to check on project updates and its progress. It is like having regular progress report for all your projects, in your hand!

Plus you have the peace of mind that FairMate Professionals are on the job delivering flawless solutions.

DIP- AAP ka “Do It Professionally” APP!
